## Spring Fever

During the winter, extra work is thrown upon the various organs of the body. Spring makes this manifest. The appetite becomes poor, sleep restless, bowels constipated; sometimes there is dyspepsia, liver or kidney troubles. Life seems not worth living. This is the time to take Hostetter's Stomach Bitters. It is better than any other spring tonic in the world. It refreshes, strengthens, rebuilds. A private revenue stamp covers the neck of the bottle.

Fourth Ward—Henry P. Miller.  
Fifth Ward—Len W. Bartlett.

MANY democrats look forward to the Kansas City convention with a frown when they think of the certainty of populist control again. They know that Bryan who admits that he voted the populist ticket in 1892 will be nominated again and they are convinced in advance of his defeat. No wonder they frown.

BLACKBURN'S credentials to the Senate are not signed by the Governor of Kentucky. They are only sworn statements from the Legislature and will be pigeonholed until it can be proved that a Goebel Legislature makes and unmakes Senators as well as Governors. Senator Lindsay's term expires next March. Globe Democrat.

THE democrats are troubled about a chairman for the republican state convention. There is so much good republican material in Indiana for that honor that the democrats can't figure out how a choice can be made without offense to some one. But don't trouble yourselves gentlemen, that matter will be properly attended to. Of course the democrats won't be troubled over their own chairmanship for the wealth of material is not at all bewildering and then besides, they will just leave it to Tom Taggart to name the man anyway.

**POLITICAL BREVITIES.**  
The railroads grant excursion rates to the republican meeting at Columbus this evening and tomorrow. Why not send a big delegation.

Dr. H. R. Ely says he was not present when he was nominated for councilman and therefore gave no sample of oratory. That test he hopes will come later.

Silas Schmitt, Bud Pomeroy, E. H. Ahlbrand and Frank Heuser are among those being talked of as democratic candidates for trustee of Jackson township.

T. S. Blish arrived home last night from a pleasant trip to Washington City, Brooklyn and other points east.

A light rain fell last night and sleet was formed and the thermometer marked 32 degrees this morning. Rain has fallen today incessantly.

H. L. Bar, Pennsylvania agent at Memphis, has been transferred to Moberly and Chas. Griffin, of Underwood, has been sent to Memphis.

A party from Indianapolis are at Shields inspecting the clay found there with a view of using it for tiling purposes and find it of fine quality. They have shipped a car of it to Indianapolis.

The cast for the home talent to be given for the benefit of the Court of Honor consists of the following well known young ladies and gentlemen: Misses Anna Carter, Alice Blamer, and Messrs. Harry Hamilton, Albert Meseke and Arthur Carter.

## NEW ALBANY PRESBYTERY.

### Holding An Interesting Session In This City.

The annual spring meeting of the New Albany Presbytery is in session in this city, having convened at the Presbyterian church last evening. There are about forty-five pastors and laymen present from the different churches in the Presbytery which is fully an average attendance. They are here from New Albany, Jeffersonville, Hanover, Vevay, Madison, North Vernon, Brownstown, Orleans, Paoli, and a number of other points.

The sermon last night by the retiring moderator, Dr. S. C. Bates, of Brownstown, was forceful, practical and pertinent. His central thought was that preaching is powerless without the baptism of the Spirit.

The new officers elected at session last night are, moderator, Rev. T. M. Gossard, of Hanover, stated clerk, Rev. A. Y. Moore, D. D., of Hanover, clerks Rev. J. S. Howk, D. D., of Jeffersonville, and Elder A. J. Hamilton, of Brownstown.

The sessions today were given over to the business as outlined in the program and had to do with reports of different churches, communications and much other business.

There will be an interesting session tonight to which the public is invited.

### Last Day of School.

The Jonesville school, taught by Prof. Frank Taylor and Miss Katie Doyle, closed April 6. The patrons had made arrangements a few days previous for a complete surprise to the teachers in the way of a sumptuous dinner. At half past eleven the procession started from Mrs. Mary Shumway's gate headed by a spring wagon loaded with every thing good to eat. When the teachers dismissed for dinner the patrons took possession of the school room. The tables were set and all enjoyed a good dinner. Much credit is due the ladies for the bountiful supply of fried chicken and other good things to eat. After dinner the house was called to order and speeches and good music were the important features of the evening. Mr. Taylor spoke as being well pleased with the surprise and also the co-operation of both pupil and parents, this being his second term.

### Will Remodel their Church.

The Second Baptist church of Seymour are managing to enlarge and remodel their church building this spring. Plans have been made for making a very attractive and convenient church home. The present house was built in 1892 and since that time this church has not asked the public for any assistance, but the proposed change, which will cost about five hundred dollars, is a little more than they feel able to make alone, and in a few days their solicitors will ask for help from any of our citizens who wish to aid them. Those who have been authorized by the church to solicit are Andrew Thompson, Elder David Dehoney, Wm. McKee, George Owens, Rufus Morgan and Elder W. W. Harris. They hope for a liberal response when they begin soliciting.

### Social for Adam Fox.

Tuesday evening Reddington lodge No 281 Knights of Pythias gave a farewell social in honor of Adam Fox and family who left Wednesday morning for their new home at Nashville, Tenn. After the usual business meeting of the lodge, about two hundred friends and neighbors gathered and spent the evening in an enjoyable social. Music was furnished by Brook's string band. A splendid supper was served by the wives and daughters of the lodge members and neighbors and everyone present had an enjoyable time, though regretting that Mr. Fox and his family had decided to leave the community. Mr. Fox has been an active member of the lodge for several years, and has represented the lodge at the meeting of the grand lodge. He is an excellent citizen.

A new steam shovel made at Milwaukee, Wis., for the B. & O. S. W. arrived here last night and is being set up today. It has a 70 tons capacity and will be put in service at Hayden.

### S. I. Railroad Man Hurt.

I also had urinary disorder and was very nervous. I used medicine and had treatment from doctors, but this only gave me temporary relief. I will continue with this remedy until I am cured for I have all possible faith in their efficiency, and I will recommend them to all kidney sufferers."

MRS. E. B. TOWNSEND.  
**Wine of Cardui**  
It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.
